

Technical Development Committee:

Are you passionate about pushing the boundaries of technical excellence in water skiing and wakeboarding? Join our Technical Development Committee and play a vital role in advancing competitive standards, coaching practices, and safety protocols within Water Ski and Wake Alberta (WSWA). Whether you're a seasoned athlete, coach, or technical expert, your dedication and expertise can help shape the future of these thrilling water sports across Alberta.

Why Join?

- **Enhance Performance:** Contribute to the development of technical guidelines, training methodologies, and performance standards that elevate the skills and achievements of athletes in competitive water skiing and wakeboarding.
- **Safety and Innovation:** Advocate for safety protocols, equipment standards, and technological advancements that ensure a safe and progressive environment for participants at all skill levels.
- **Coach and Athlete Support:** Provide resources, workshops, and mentorship opportunities that empower coaches and athletes to reach their full potential and excel in their respective disciplines.

Roles and Responsibilities:

- **Technical Standards:** Collaborate with national and international governing bodies to align with best practices, rules, and regulations governing water ski and wakeboard competitions.
- **Training Programs:** Develop and implement training programs, clinics, and workshops that enhance technical skills, sportsmanship, and competitive readiness among athletes.
- **Equipment and Technology:** Stay abreast of advancements in equipment technology, coaching methodologies, and performance analytics to optimize training and competition outcomes.
- **Youth Development:** Foster the growth of youth talent through grassroots initiatives, talent identification programs, and partnerships with local clubs and schools.

Commitment:

- **Meetings and Workshops:** Attend regular committee meetings to discuss technical developments, review proposals, and strategize on initiatives that promote skill advancement and safety.
- **Event Support:** Provide technical expertise and support during competitions, ensuring adherence to rules and standards while promoting a fair and competitive environment.
- **Education and Outreach:** Engage with coaches, athletes, and stakeholders through educational sessions, webinars, and resource materials that promote continuous learning and skill enhancement.

Join Us: If you're passionate about technical excellence, safety, and the continuous improvement of water skiing and wakeboarding in Alberta, we invite you to join our Technical Development

Committee. Together, we can set new benchmarks, inspire innovation, and foster a community dedicated to the thrill and challenge of these dynamic water sports.
